

## The Story of Pentecost

Think about what happened on the day the Church began.

Cut out the sentence strips.

Put the strips in the correct sentence order.

Tape them in the correct order to a piece of construction paper.

Then write a sentence to tell what happened next.

Early one Sunday morning the disciples were together in one place.

The disciples went out into the street.

The disciples heard a noise like a strong wind.

They saw what looked like flames of fire over each of them.
